WHO WE ARE

TEXAS A&M BAJA

We are a collegiate engineering design team dedicated to developing skills in automotive engineering and design. We accomplish this by building a custom off-road vehicle each year and taking it to compete at an international competition.

Originally founded in 2018 as a development program for our Formula team, we are dedicated to cultivating the next generation of engineering leaders. We identify high-potential undergraduate students and provide them with the tools, mentorship, and real-world experience needed to thrive in competitive environments. Our mission is to shape capable engineers who are prepared to make an immediate impact in the automotive industry.

Notable Achievements

2024, 2025 & 2026 Competition Results Against 100+ Universities!

DRIVEN BY RESULTS

3rd In Acceleration

4th In Design

18th In Overall Rankings

17th In Hill Climb

Top 25 In Endurance

WHAT WE CAN DO FOR YOU

TEXAS A&M BAJA

In order to complete our goal, we need all the help we can get. Today, we present you with a sponsorship proposal that promises daring feats, excitement, and the opportunity to be at the forefront of engineering talent and innovation.

Benefits

BRAND EXPOSURE

As a sponsor, your company's logo will receive prominent placement on our race vehicle, team uniforms, promotional materials, and other official media.

TAX BENEFITS

All donations are tax-deductible. As a token of our appreciation, every donor will also receive an exclusive invitation to join Team Rollout, where you'll get updates, behind-the-scenes access, and more.

TALENT AQUISITION

Engaging with TAMU SAE Baja gives you direct access to top engineering students with strong technical skills, creativity, and valuable real-world project experience—making them well-prepared for dynamic roles in industry.
